

Bloom in Garden

Welcome to a rich heritage in Polyester

Garden Silk Mills Private Limited (GSMPL), formerly known as Garden Silk Mills Limited, is a pioneer in the Indian polyester textile industry. Established in 1979 in Surat, Gujarat, we are present across a wide spectrum of the Polyester Value Chain as one of the leading manufacturers of polyester chips, yarns, and finished fabrics.

Our state-of-the-art manufacturing units at Jolwa and Vareli (Gujarat, India) focus on quality and innovation. We produce high-quality Polyester Chips, POY, FDY, DTY and other specialty yarns at our Jolwa facility. Our Vareli facility, equipped with advanced Japanese looms, and preparatory and dyeing machines, produces premium dyed and printed fabrics.

Part of MCPI and TCG

Garden Silk Mills Private Limited (GSMPL) is a wholly owned subsidiary of MCPI Private Limited (MCPI) since February 2021 and a part of The Chatterjee Group (TCG), founded by visionary Chairman Dr. Purnendu Chatterjee.

TCG is a global business conglomerate, established in 1989 and headquartered in New York, USA. It has built a global presence across USA, Europe, and South Asia with a consortium of renowned enterprises, and an investment of around USD 8 billion across diverse domains like Petrochemicals, Information Technology Services, Life Sciences, Financial Services, Technology for Chemical Companies and Real Estate, Food Technology and Logistics.

MCPI is the leading producer of Purified Terephthalic Acid (PTA) in India, with 1.27 MTPA production capacity. It features proprietary Japanese technology and has been a trusted supplier of best-in-class PTA to downstream polyester industries over decades. Since acquiring GSMPL in 2021, MCPI has forayed into the downstream Polyester Value Chain, ensuring a consistent supply of good quality PTA at competitive prices, thus supporting and strengthening GSMPL's yarn business.

Led by world-class technologies and thriving on creativity

We specialise in the extrusion spinning process to produce a highly differentiated and diverse range of products. Our Jolwa unit has a production capacity of 1600 MT per day of Polymers; 848 MT per day of Yarns; 155 MT per day of downstream variants.

As industry pioneers, we take pride in being the first filament weaver from India to achieve ISO 9001:2015 certification. We are also accredited with BS OHSAS 18001:2007 and OEKO-TEX, reinforcing our commitment to quality, safety, and sustainability.

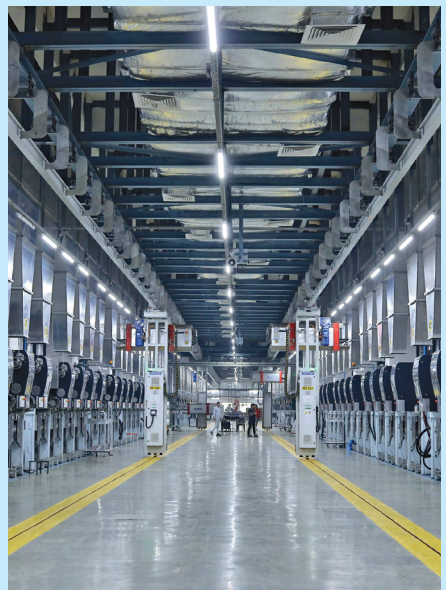

In February 2024, we launched our new Fully Drawn Yarn (FDY) plant - a ₹ 1250 cr expansion project with a capacity of 272 TPD. This state-of-the-art facility features Oerlikon Barmag Wings Plus FDY winders, renowned for producing the finest quality yarn for weaving, knitting, and sizing applications. With the latest technology and best-in-class machinery, Garden has further strengthened its position as a world-class FDY manufacturer, catering to the growing demand in the domestic industry.

Our product range with cutting-edge FDY Winders

Lustre	Product	Applications
SD	30/12SD Sparkle	Sizing/Weaving
	30/14SD	Weaving
	50/24SD 50/48SD 54/48SD	Weaving/Warp Knitting
	67/72 SD	Sizing/Jari Covering
	71/72 SD LBS	Weaving

Spinning the best Yarn for the Polyester Industry

We contribute significantly to the Polyester Filament Yarn sector with an expansive array of products. We are at the forefront of the Fully Drawn Yarn (FDY) category. Our production portfolio includes POY, FDY, DTY, ATY, ACY, Draw Warping, Sizing, and other yarns made of Semi Dull, Hombright, Full Dull, Bright & Semi Dull Cationic chips. We also produce coloured yarns.

Partially Oriented Yarn (POY)		Air Textured Yarn (ATY)	
Product Details	35 – 530	Denier	50 – 600
Filament	14 – 144	Filament	36 – 288
Lustre	SD/Brt/Cationic/Dope Dyed/Full Dull	Ply	Up to 4 ply
Cross Section	Circular/Trilobal	Lustre	SD/Brt/Cationic/Dope Dyed/Full Dull
Applications	Textured/Draw Twisting/ Air Texturizing/Draw Warping	Cross Section	Circular/Trilobal – with different slubs
		Applications	Weaving/Upholstery/Yarn Dyeing
Mother Yarn		Mono Filament Yarn	
Denier	240, 300	Denier	20, 30
Filament	10, 12	Filament	1
Type	Polyester	Type	Polyester
Ply	Single	Ply	1 ply, 2 ply and 3 ply
Lustre	SD/Brt	Lustre	SD/Brt
Applications	Weaving/Knitting	Applications	Weaving/Knitting
Draw Texturised Yarn (DTY)		Air Covered Yarn (ACY)	
Product Details	20 – 600	Cover Yarn	20, 35, 40, 55, 70
Filament	14 – 144	Core	90 – 360
Ply	Up to 6 Ply	Applications	Denim/Knitting/Socks/ Garments With Core yarn as Spandex with different % component and covering achieved by various DTY yarns, gives resulting yarn usable in speciality fabrics
Lustre	SD/Brt/Cationic/Full Dull/ Dope Dyed/Millange	Warp Draw Beam/Sized Beam	
Cross Section	Circular/Trilobal	Denier	30 – 600
Applications	Weaving/Twisting/ Yarn Dyeing/Knitting/ Upholstery	Filament	14 – 144
		Lustre	SD/Brt/Cationic/Dope Dyed/Full Dull
